Dear Doctor,

I profit of Saul Yellin's kindness to send you this letter. I saw "Cuba Santa" and found it very interesting. Hope to see something else of your work. Could you please see Garia Mesa of "Cine Cubano" and ask him to put me on his mailing list in order to receive regularly the magazine from issue # 1 on? Also, ask him to publish the enclosed article on the "New Wave" in "Cine Cubano" if possible.

I received your article and photos some time ago from Garia Mesa. I shall talk to the Messas about it when they will be through with their current work on their film.

Write me soon, and give me your news.

I shall be glad to receive your letters.

Also, please ask Garia Mesa to write to me.
